

# Indoor Cricket Balls

## Proven Performance for over 40 years

The Burley Indoor Ball was developed specifically for Indoor Cricket when the game emerged in the 1970's in Perth. Over the years, the ball has remained the player's choice with its playing characteristics coupled with excellent lasting qualities.

Today, the Burley ball is the clear market leader and the only ball endorsed by all major Indoor Cricket playing nations; Australia, South Africa, New Zealand and the UK.

### CBSSICF - Super Soft

The ball officially endorsed by the 'World Indoor Cricket Federation' for use in all International Matches.  
(Green/Red Stitch)

### CBLOICF - Low Impact

The Low Impact ball is also used worldwide and features excellent shape retention characteristics. The Low Impact ball has a slightly harder center than the Super Soft.  
(Red Stitch)

To purchase Burley indoor cricket balls direct, visit [shop.sekem.com.au](http://shop.sekem.com.au) and follow the links.
